Dear Parent/ Caregiver

VALUES EDUCATION INITIATIVE

Port Hacking High School recognises the importance and benefit of Core Values to both self and the wider community. The welfare system we have in place at this school promotes mutual understanding, respect and ethical behaviour, representing the aspirations and beliefs of the Australian community as a whole, including its concern for equity, excellence and the promotion of a caring, just and civil society.

Under the direction of Mr Papangelis, Head Teacher (Wellbeing), Year 9 students will be attending a presentation by the Police-School Liaison Officers for the Port Hacking network of schools. This presentation will take place during **Period 1 and 2 on Thursday, 5th March 2020** and will cover issues such as the importance of values and ethical decision making and staying safe,

Yours sincerely

B Hugo
Principal
